CONTENTS OF VOLUME 41

Ackman, R. G. See Jangaard, P. M., 2543.
Ackman, R. G. and **Burgher, R. D.** Component fatty acids of the milk of the grey (Atlantic) seal, 2501.
Ackman, R. G., Burgher, R. D., and **Jangaard, P. M.** Systematic identification of fatty acids in the gas–liquid chromatography of fatty acid methyl esters: A preliminary survey of seal oil, 1627.
Afar, J. M. and **Rogozkin, V. A.** Influence of ingested casein hydrolyzate on the high energy nucleotide content of working muscle, 1531.
Ainsworth, L. and **Common, R. H.** Urinary and fecal conversion products of 16-oxoestradiol-17β-16-C^{14} in the domestic fowl, 2045.
Alarie, Y. See Robillard, E., 461, 1257, 2177.
Aleem, M. I. H. and **Lees, H.** Autotrophic enzyme systems. I. Electron transport systems concerned with hydroxylamine oxidation in *Nitrosomonas*, 763.
Alford, M. A., Brotman, M., Chudy, M. A., and **Fraser, M. J.** The activation of glutamic acid and glutamine in mammalian tissues, 1135.
Allen, C. E. See Dow, D. S., 1293.
Amin, A. and **Shamloo, K. D.** Occurrence of paralbuminemia in mule, 2025.
Anwar, R. A., Roy, C., and **Watson, R. W.** Isolation and structure of uridine nucleotide-peptides from *Aerobacter cloacae* NRC 492, 1065.
Anwar, R. A. and **Watson, R. W.** Uridine nucleotide-peptides from *Aerobacter cloacae* NRC 492. Enzymatic synthesis of the peptides, 1665.
Aoki, N. See Seegers, W. H., 2441.
Aoki, N., Harmison, C. R., and **Seegers, W. H.** Properties of bovine Ac-globulin concentrates and methods of preparation, 2409.
Araki, K. See Myers, D. K., 1181.
Araki, K. and **Myers, D. K.** Aerobic glycolysis of X-irradiated thymocytes, 2157.
Arkinstall, W. W. See Myers, D. K., 1181.
Ashworth, M. A. and **Haist, R. E.** A method for automatically maintaining the body temperature of rats at a constant level, 1081.
Babineau, L.-M. See Berlinguet, L., 2373.
Bain, G. O. Agglutinin response to sheep erythrocytes in mice following intraperitoneal injection of allogeneic spleen cells, 573.
Baker, D. G. See Monkhouse, F. C., 1901.
Bannard, R. A. B. See Coleman, I. W., 2479.
Bather, R., Dzuibalo, S., and **Darcel, C. le Q.** In vitro uptake of Fe^{59} by blood cells from normal birds and birds with erythroblastosis, 2057.
Beare, J. L. See Craig, B. M., 43, 51; Murray, T. K., 1785.
Beare, J. L., Campbell, J. A., Youngs, C. G., and **Craig, B. M.** Effects of saturated fat in rats fed rapeseed oil, 605.
Beaton, G. H. See Heddle, J. G., 1215; Mathews, J., 543; Veen, M. J., 2463.
Beaton, J. R. Metabolic effects of dietary protein level in cold-exposed rats, 139.
Metabolic effects of dietary protein level with caloric restriction in cold-exposed rats, 149.
Metabolic effects of three dietary protein levels fed isocalorically to cold-exposed rats, 161.
Previous dietary protein level and survival of starving rats in the cold, 171.
Administration of anterior pituitary growth hormone to rats during cold exposure, 1449.
Protein repletion in rats during cold exposure, 1865.
The relation of dietary protein level to liver enzyme activities in cold-exposed rats, 1871.
Note on liver enzyme activities in thyroid-fed and in cold-exposed rats, 2041.
Phosphorus metabolism in cold-exposed rats, 2209.
See also McComiskey, D. M., 2038.
Beaton, J. R. *With the technical assistance of* **T. Orme, J. Laufer,** and **A. Turner.** Nitrogen metabolism in cold-exposed rats, 1169.
With the technical assistance of **T. Orme, J. Laufer,** and **A. Turner.** Administration of anterior pituitary growth hormone to rats during cold exposure, 1449.
Beaulnes, A. See Tetreault, L., 335; 1519.
Beck, J. C. See Dossetor, J. B., 1409; Murphy, B., 497.
Becking, G. C. See Hurst, R. O., 469.
Becking, G. C. and **Hurst, R. O.** Hydrolysis of calf thymus deoxyribonucleate by pancreatic deoxyribonuclease. II. Isolation and analysis of the mononucleotides and dinucleotides obtained by enzymic degradation in the presence of manganous ions, 1433.

Begin, N. See Berlinguet, L., 2373.
Bélanger, L. F. and **Migicovsky, B. B.** The effects of parathyroid extract on the stomach of the chick, 2547.
Benfey, B. G. and **Varma, D. R.** On the hypertensive action of tolazoline and hydergine, 941.
Bennett, J. R. See Tattrie, N. H., 1983.
Benoiton, L. See Paik, W. K., 1643.
Berlinguet, L. See Charbonneau, R., 2297; Laferte, R. O., 1423.
Berlinguet, L., Babineau, L.-M., Begin, N., Dunnigan, J., and **Martel, F.** Preliminary biochemical studies of some ε-substituted lysines, 2373.
Best, C. H. See Sirek, O. V., 261.
Beveridge, J. M. R. See Gordon, B. A., 77.
Beyer, R. E. The effect of ultraviolet light on mitochondria. VII. Restoration of dinitrophenol-activated adenosinetriphosphatase by vitamin K_1 following inhibition by far-ultraviolet light, 1669.
Beznák, M. and **Hacker, P.** Immediate hemodynamic effects of isoproterenol, 1949.
Bilinski, E. Utilization of lipids by fish. I. Fatty acid oxidation by tissue slices from dark and white muscle of rainbow trout (*Salmo gairdnerii*), 107.
Bilodeau, F. and **Elliott, K. A. C.** The influence of drugs and potassium on respiration and potassium accumulation by brain tissue, 779.
Birks, R. I. The role of sodium ions in the metabolism of acetylcholine, 2573.
Bjerre, S. See Matheson, A. T., 1741.
Blair, D. G. R. and **Tuba, J.** Rat intestinal sucrase. I. Intestinal distribution and reaction kinetics, 905.
Blair, D. G. R., Yakimets, W., and **Tuba, J.** Rat intestinal sucrase. II. The effects of rat age and sex and of diet on sucrase activity, 917.
Blashko, C. A. See Lane, B. G., 1927.
Blumenstein, J. and **Williams, G. R.** Glycine methyltransferase, 201.
Bond, E. J. The action of fumigants on insects. IV. The effects of oxygen on the toxicity of fumigants to insects, 993.
Box, B. M. See Stevenson, J. A. F., 531.
Brandt, J. L., Voudoukis, I. J., and **Harrop, J.** Studies of the effect of large doses of bacterial pyrogen in the dog. 2. An explanation for the urine dilution, 1317.
Brossard, M. and **Quastel, J. H.** Studies of the cationic, and acetylcholine, stimulation of phosphate incorporation into phospholipids in rat brain cortex in vitro, 1243.
Brotman, M. See Alford, M. A., 1135.
Brown, S. A. See Higuchi, T., 65, 613, 621.
Burgher, R. D. See Ackman, R. G., 1627, 2501; Jangaard, P. M., 2543.
Burley, R. W. Interactions of chloroform with α- and β-lipovitellin and other egg yolk constituents, 389.
Burley, R. W. and **Kushner, D. J.** The action of *Clostridium perfringens* phosphatidase on the lipovitellins and other egg yolk constituents, 409.
Camire, A. See Gordon, E. R., 1611.
Campbell, J. A. See Beare, J. L., 605; Craig, B. M., 43, 51; McLaughlan, J. M., 191; Morrison, A. B., 275.
Cann, M. C. and **Stephenson, N. R.** Observations on the blockage of the pituitary production of corticotropin as indicated by adrenal ascorbic acid depletion, 1084.
Cantero, A. See Zytko, J., 2391.
Canvin, D. T. Formation of oil in the seed of *Ricinus communis* L., 1879.
Carrier, R. See Loiselle, J.-M., 2423.
Cassuto, Y. See Chaffee, R. R. J., 2215.
Cassuto, Y. and **Chaffee, R. R. J.** The thermogenic role of the liver in the heat-acclimated hamster (*Mesocricetus auratus*), 1840.
Chaffee, R. R. J. See Cassuto, Y., 1840.
Chaffee, R. R. J., Mayhew, W. W., Drebin, M., and **Cassuto, Y.** Studies on thermogenesis in cold-acclimated birds, 2215.
Chan, J. Y. S. See Mertz, E. T., 1811.
Chang, V. See Idler, D. R., 875; Hochster, R. M., 1503.
Chapdelaine, A., Sandor, T., and **Lanthier, A.** The in vitro biosynthesis of estradiol-17β-4-C^{14} by surviving normal and Stein–Leventhal-type ovarian slices, 635.
Charbonneau, R. and **Berlinguet, L.** Formation of Urea in liver homogenates from citrulline and various N-alkyl derivatives of aspartic acid, 2297.
Charnock, J. S. Calcium accumulation and respiratory activity of the small intestine of the rat, 1013.
Chavez, B. See Moran, J. F., 2376.

Chefurka, W. On the nature of the lipid substances inhibiting the dinitrophenol-induced ATPase activity during mitochondrial aging, 239.
Choitz, H. C. See Gaebler, O. H., 1089.
Chubaty, W. M. and **Jaques, L. B.** Nonspecific resistance in spontaneous hemorrhage, 1079.
Chudy, M. A. See Alford, M. A., 1135.
Cinader, B. See Dubiski, S., 1311.
Cipera, J. D. See Kristjansson, F. K., 2523.
Cipera, J. D. and **Willmer, J. S.** Composition of epiphyseal cartilage. IV. Effect of Vitamin D_3 on enzymatic activities in epiphyseal and articular cartilage of rachitic chicks, 1490.
Cohen, L. H. and **Parks, R. E., Jr.** Inhibition and activation of adenylosuccinic synthetase by 8-azaguanosine triphosphate, 1495.
Cole, E. R. See Seegers, W. H., 1047, 2441.
Coleman, I. W., Little, P. E., and **Bannard, R. A. B.** Cholinolytics in the treatment of anticholinesterase poisoning. III. The effects of quaternization and alteration of anionic function on the potency of cholinolytics in the treatment of Sarin poisoning, 2479.
Colvin, J. R. See Webb, T. E., 1691.
Common, R. H. See Ainsworth, L., 2045.
Cook, W. H. See Martin, W. G., 657.
Cornatzer, W. E. See McGregor, R. F., 985.
Cottle, W. H. *With the technical assistance of* **A. T. Veress.** Calorigenic response of cold-adapted rabbits to adrenaline and to noradrenaline, 1334.
Craig, B. M. See Beare, J. L., 605.
Craig, B. M., Youngs, C. G., Beare, J. L., and **Campbell, J. A.** Fatty acid composition and glyceride structure in rats fed rapeseed oil or corn oil, 43.
Influence of selective and non-selective hydrogenation of rapeseed oil on carcass fat of rats, 51.
Cramer, C. F. and **Haqq, T. A.** The effect of flow rate and osmolarity of lumen contents on calcium and water absorption from Thiry-Vella fistulas in dogs, 127.
Craston, A. R. and **Manery, J. F.** Sodium, potassium, nitrogen, phosphorus, and lipid in muscle mitochondria isolated in sucrose media of varying concentrations, 831.
Curtis, D. R. Acetylcholine as a central transmitter, 2611.
Daniel, E. E. Potassium movements in rat uterus studied in vitro. I. Effects of temperature, 2065.
Potassium movements in rat uterus studied in vitro. II. Effects of metabolic inhibitors, ouabain, and altered potassium concentrations, 2085.
Darcel, C. le Q. See Bather, R., 2057.
Dass, C. M. S. See Lusena, C. V., 2205.
Datta, P. K. See Whitaker, D. R., 671.
Datta, P. K., Hanson, K. R., and **Whitaker, D. R.** Improved procedures for preparation and characterization of *Myrothecium* cellulase. Part 3. Molecular weight, amino acid composition, terminal residues, and other properties, 697.
Davies, R. O. and **Kalow, W.** Chromatographic separation of succinylcholine and its hydrolysis products, 1991.
Davis, B. A. See Leznoff, A., 2517.
de Candole, C. A. See Duke, E. E., 2473.
de Jager, E., Homan, J. D. H., and **de Wied, D.** The effect of pig pituitary ACTH fractions on different parameters of adrenocortical activity, 1455.
Demisch, R. R. and **Wright, G. F.** The distribution of polynuclear aromatic hydrocarbons between aqueous and non-aqueous phases, 1655.
DesMarais, A. and **Lachance, P. A.** Influence of diet composition and caloric intake on body weight of warm- and cold-acclimated rats, 2225.
Devlin, W. See Perelmutter, L., 2493.
de Wied, D. See de Jager, E., 1455.
De Wolfe, D. E. See Myers, D. K., 1181.
Di Carlo, F. J., Haynes, L. J., Malament, S. G., and **Phillips, G. E.** Bimodal stimulation of the reticuloendothelial system by *Mycobacterium phlei*, 731.
Di Carlo, F. J., Meli, A., Haynes, L. J., Honrath, W. L., Lucker, W. F., and **Sliver, N. J.** Effect of splenectomy on bimodal RES stimulation elicited in mice by *Mycobacterium phlei*, 2183.
Di Carlo, F. J., O'Driscoll, R. G., Haynes, L. J., Sliver, N. J., and **Steinetz, B. G.** Acceleration of intravascular carbon clearance in mice by inhaled endotoxin, 2034.
Diemer, J. See Lane, B. G., 1927.
Diena, B. B. See Griffiths, B. W., 249.
Dieudonne, J.-M. See Selye, H., 291.

Dingle, J. R., Ellis, D. G., Hines, J. A., and **Lauder, J. T.** Proteins in fish muscle. 18. Sedimentation patterns of myosin-B extracts of prerigor cod muscle, 1915.
D'Iorio, A. See Mavrides, C., 1581.
D'Iorio, A. and **Laguë, J. G.** The release of catecholamines from the isolated chromaffine granules of the adrenal medulla by adrenolytic drugs, 121.
D'Iorio, A. and **Mavrides, C.** In vitro effects of substituted iodophenols on catechol-O-methyltransferase, 1779.
Doolan, H. See Sirek, O. V., 261.
Dossetor, J. B. See Murphy, B., 497.
Dossetor, J. B., Morgen, R. O., and **Beck, J. C.** Observations on the function of a transplanted kidney, 1409.
Douglas, D. E. See Francis, L. E., 1961.
Dow, D. S. and **Allen, C. E.** Steady state oxidation of glucose in the hypothyroid diabetic rat: A role for the adrenal cortex in glucose oxidation, 1293.
Drance, S. M. See Sen, M., 1235.
Drebin, M. See Chaffee, R. R. J., 2215.
Dresel, P. E. See Stromblad, B. C. R., 519.
Driedger, A., Johnson, L. D., and **Marko, A. M.** Electrophoresis of histones on polyacrylamide gels, 2507.
Dubiski, S. and **Cinader, B.** A new allotypic specificity in the mouse (MuA2), 1311.
Duke, E. E. and **deCandole, C. A.** Absorption of injected oximes, 2473.
Duma, Z. See French, R. C., 1005.
Dunnigan, J. See Berlinguet, L., 2373.
Dzuibalo, S. See Bather, R., 2057.
Ecobichon, D. J. and **Kalow, W.** The effects of sialidase on pseudocholinesterase types, 969.
Action of organophosphorus compounds upon esterases of human liver, 1537.
Eik-Nes, K. B. See Hall, P. F., 1267.
Elliott, A. and **Pace, D. M.** Observations on the effects of methanol and formaldehyde on established cell lines cultivated in vitro, 299.
Elliott, K. A. C. See Bilodeau, F., 779.
Ellis, D. G. See Dingle, J. R., 1915.
Fachet, J. See Stark, E., 1771.
Farris, W. J. See Guthrie, R. K., 305.
Feist, E. See Feller, D. D., 269.
Feller, D. D. and **Feist, E.** Conversion of methionine and threonine to fatty acids by adipose tissue, 269.
